

AFFAN FAROOQ

MOBILE APP DEVELOPER

PROFILE

Junior Software engineer, B. SC. in Software Engineering passionate about Mobile Programming with approx 1-year experience in Flutter mobile app development looking for opportunities as an app developer, Enthusiastic about learning and readily adapting to new technologies with an expert team of developers who will help advance my career progression to senior positions in the future.

EXPERIENCE

MOBILE DEVELOPMENT

Currently, I am working as a Flutter Developer at ILMA UNIVERSITY, where I am developing a mobile application for my own university. This application allows students to access their academic records and other relevant information conveniently.

Other Highlights:

- Designing and implementing multiple intuitive and user-friendly interfaces.
- Experienced with state management solutions like Provider and Getx.
- Utilizing Firebase Firestore & Firebase Storage for data management.
- Implementing Firebase authentications, including email, OTP, Google, and Facebook authentications.
- I have experience in integrating Flutter with SQL Server databases, utilizing Node.js and Express for server-side logic and mssql for database communication.
- Working on a multi-vendor app with admin, user, vendor & delivery panels, each tailored to specific roles for efficient management.
- Contributing to projects such as hotel management systems, water supply apps, hair salon app, POS systems, CRUD applications, etc. using Firebase.
- Developing news apps, COVID-19 tracker app, Maths solver app using REST APIs and continuously learning about API integration.

EDUCATION

GRADUATION

Under Graduate from ILMA University, Main Campus.

Final Year

INTERMEDIATE

Aisha Bawany, Govt Collage

Inter in 2020
